| BOOK TITLE:           | PAGES | * EACH | VIA OVERSEAS AIR |
|-----------------------|-------|--------|------------------|
| 100% INTELLECT        | 1000+ | \$74   | Add \$8          |
| 'ARC' A TIME MACHINE  | 32    | \$10   | Add \$3          |
| ATLANTEANS 33 MATH    | 270   | \$48   | Add \$6          |
| WORLD'S OLDEST 33 MAP | 40    | \$ 5   | Add \$3          |

100% INTELLECT book commences with EARTH-PLANET history of all people from 6000 b.c. to present-day with The Ancient forms of THE ONE LANGUAGE ØLOSOPHI and Religion of 1 GOD for ALL as attends such "MATH" and "PHYSICS". This book treats with "WEIGHTS AND MEASURES OF ALL UNITY" leading you through Celestial "Wave-Mechanics" as the "PHYSICS LAW" attending ALL MOCION( "motion" = "time" = "dimension" ) attending Mass = Matter = Space within all magnitudes as "THE UNIFIED FIELD THEOREM" with many 'hard-physical' proofs as simple low-cost experiments within such "math" and "physics".

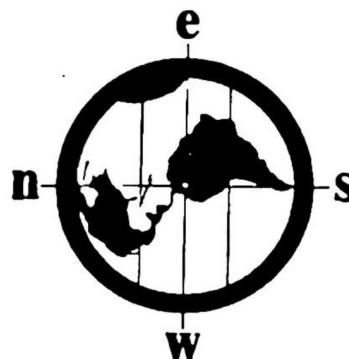

'ARC' A TIME MACHINE & AETHERIC PARTICLE ACCELERATORS book is about the phenomenon that attends ALL MOCION within all magnitudes of MASS and thus attends all compounds and elements within A LIFE and 'INERT' classification orders, hence NOTHING IS EXEMPT. 'ARC' = Acronym for AETHERIC REACTIVE CRAFT, AERODYNAMICS REACTIVE CRAFT or AVIONIC REACTIVE CRAFT hence ARC is perhaps a better suited term than 'UFO' and this book reveals precisely how to make one express total maneuverability through 'SPACE'.

ATLANTEANS 33 MATH = THE MESSIAH 33 MATH book which takes the reader STEP-BY-STEP through its "CODED BINARY" ARITHMETIC system of  $1 + 1 = 2$  right through to KALCULUS( "calculus" ), "geometry" and "trigonometry" using SIMPLE "ADDITION & SUBTRACTION" with "DIVISION & MULTIPLICATION" and NOTHING "HIGHER" since this is the ULTIMATE PRECISION in ARITHMETIC MATHEMATICS known and safely used by The Ancient ATLANTEANS since at least 6000 b.c. for their JESUS 33 MAP = MUHAMMAD 33 MAP = YESHU 33 MAP = K 33 MAP or SIMPLE 33 MAP now also known as WORLD'S OLDEST 33 MAP of ATLANTEANS ( see following ). ELEMENTARY and HIGH-SCHOOL students mastering the math of this single book will need no "higher-math" to safely cope with ALL "industrial-physics" needs of the total body-socio of our-earth nucleus-planet and its 'outer-space'.

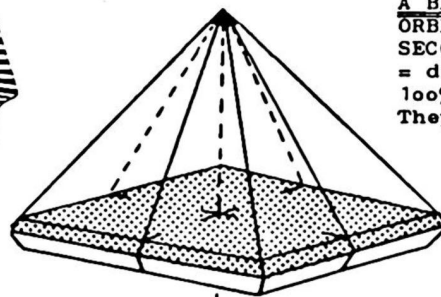

WORLD'S OLDEST 33 MAP of ATLANTEANS book details the data concerning The Ancient Egyptians JESUS 33 MAP of "dGizas" near Cairo and its celestial analogs. This book shows how  $.6336 \times \text{ARC of } 180^\circ \text{ ANGLE of CIRCULE( "circle" )} = \text{its "diameter"}$  precisely and how the pyramids of TEOTIHUICAN display proudly that same "mathematics" simplicity.

are 100% INVISIBLE Aurora-Borealis & Van Allen "belts".

The diagram consists of two parts. The left part shows a side view of the Earth with a satellite in orbit. The satellite is depicted as a cone-shaped object with a central antenna and two side wings. It is positioned above the Earth's surface, which is shown with continents and oceans. The Earth is labeled with 'UP' at the top and 'DOWN' at the bottom. The right part shows a top-down view of the Earth, illustrating the Van Allen belts. The belts are represented by two shaded, teardrop-shaped regions surrounding the Earth. The Earth is labeled with 'UP' at the top and 'DOWN' at the bottom. A small dot labeled 'MOON' is shown to the right of the Earth, indicating its position relative to the Earth and the Van Allen belts.

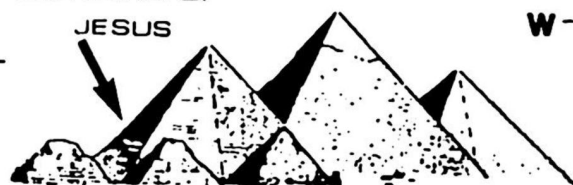

"OUTER SPACE MOBILITY" in 'ARCS' craft using A = DIATRONS form of "FIELD MANIPULATION". Plans on how to do it yourself in books.

Technical drawing of a circular part with a central hole. The drawing includes a top view and a cross-section view. The top view shows a circular part with a central hole, surrounded by a rectangular frame. The cross-section view shows the part's profile, with a central hole and a cross-section of the frame. Dimensions are indicated by arrows and labels:  $R2$  for the radius of the central hole,  $R2$  for the radius of the part, and  $2\sqrt{2}$  for the width of the frame. The cross-section view also shows a central hole with a diameter of  $R2$ .
